

RED CROSS CLOTHING CAMPAIGN

People in Allied Countries are Destitute for Clothing and Red Cross Must Supply Them.

The war is over but people in our allied countries are dying from the results of war just as surely as if they were still being mowed down by howitzers and Krupp guns. They must have food and clothing.

The Red Cross must provide 10,000 tons of clothing, bedding and shoes for the destitute people of Europe, excepting those of the Central powers. Of the tonnage the quota of the Southwestern Division is 1,000 tons to be collected during the week of March 24-31. The quota for Monett is 700 pounds.

The campaign will be made through the schools and churches, which will be collecting centers. The articles thus collected will then be gathered together at the Red Cross room and sorted and boxed for shipment.

The people are asked to contribute only useful garments.

EXPRESSMEN HOLD ANOTHER BETTER SERVICE MEETING

That the campaign for better packing and marking of express shipments has achieved concrete results, was indicated by reports made at the "Better Service" meeting of the local express employees today. Agent, R. W. Welsh, announced that not only were package being received in better condition for shipment, but there was a noticeable falling off in the number of consignments sent to the "No Mark" bureaus of the express companies.

Before the drive, at least 25,000 packages of all conceivable kinds and sizes, he said, were received by these "dead letter" offices of the business, but already this figure has been cut in half, and there was ever reason to expect that it would be brought down to a negligible quantity.

Four Minute" speeches, urging the expressmen to live up to the new slogan of "Better Service," were the feature of the meeting, which is to be the last of the present campaign. The Better Service Campaign Committee forms among the local force and composed, F. E. Johnson, E. M. B. Short and R. O. Kennedy, had an opportunity to tell their fellow workers what they had done during the campaign, and why they believe that the results of the co-operation extended to them by shippers would be far reaching.

The purposes of the campaign, it was stated, will always be a dominant policy of the company in accepting business in the future. Proper packing and correct marking, Agent Welsh declared, will always be required, when shipments are accepted by the express service for transportation. This, he added, would be to the interest of the shippers themselves, as well as to that of the express company.

It was intimated that the express workers will be allowed to let their efforts for better service end with this particular drive. Within a month their attention will be centered upon correct methods in making receipts. The express company will conduct another national campaign chiefly among its own employees in every city and town in the country, to standardize and improve receiving methods.

Agent Welsh stated to his men that the business men of Monett have shown their willingness to co-operate with the express company in their requirements of marking and packing express shipments, and for this he extended his appreciation.

CROWD DELIGHTED WITH CLASS PLAY

Junior Entertainment a Great Success and Proceeds Very Satisfactory.

The immense crowd that attended the Junior play, Friday evening, at the Elks auditorium, were delighted with the entertainment. The play, entitled "Much Ado About Betty," was a three-act comedy-drama, with Miss Lois Wright, as Betty, and Lee Adams as Lin Leonard, taking the leading parts. The entire cast featured Misses Margaret Chapel, as Archie, the bell hop, who played her part to perfection with her quaint southern brogue, Ruth Cole, as Mrs. Ebenezer O'Hare, Hester Thomas, as Aunt Winnie, Josephine Price, as Lizzie Monahan, the Irish house maid, Georgia Mooney, Ethel Kohler, Charlotte Bradford, as Violet Ostrich, Edna Timmons, as Mrs. K. M. Diggins, Isabel Miller, as Daffodil Diggins, Helen Davis, as Miss Chizel, Fern Viles, as Pearl Brown, the colored maid; Claud Budworth, Earl Wagner Arthur Bounous, Herschel Medlin, Archie Andrews, Efton Henderson and George Bass.

The plot of the play was very interesting, that of a young movie star, Miss Lois Wright, eloping, and on her honeymoon trip to Florida, was in a railroad accident, losing her memory. At the vacationists hotel at Florida things became very complicated until the final act, when Betty regained her memory, was restored to her husband and all things ended happily.

Between curtains, Lee Adams, sang a beautiful solo, accompanied by Mrs. Wid Miller, on the piano, and George Rice on the violin. Miss Virginia Cox gave a classical dance and received a hearty encore. She was presented with a beautiful bouquet of pink roses.

The High school orchestra furnished music before the play and during curtains.

The Juniors were extremely well pleased with the proceeds of the play. All seats were sold and hundreds were standing, while many were turned away.

After the play the Juniors and Seniors enjoyed a banquet and dance.

WARNING TO LIBERTY BOND HOLDERS

Any one persuading you to part with your Liberty Bonds makes money at your expense.

U. S. Government Bonds are the World's Best Investment.

The spreading broadcast of this message by the Government has been rendered necessary because of the efforts of unscrupulous dealers to persuade Liberty Bond Holders to part with their holdings, by making misleading offers.

The mosquitoes are already on the wing. To prevent the scourge of mosquitoes this year, everyone must co-operate to prevent their hatching. This must be done immediately to save the community the annoyance suffered last summer.

KEEP MONETT HEALTHFUL

Now is the time to get rid of all old cans and rubbish. If Monett doesn't want to have the pestilence of mosquitoes and typhoid fever, the citizens must begin to take steps to prevent it right now. We have pure water, but our streets and alleys are not clean. Many people make a practice of throwing all house slops in the alleys in one place, where a foul smelling place results. This is an unnecessary practice. Slops, if thrown out, can be distributed in such a way that they will be quickly dried up by the sun and wind. Alleys should be kept as clean as the lawns. Why not smooth and clean the alleys, plant them to grass and mow them the same as the lawns. Would not the town be much prettier and more healthful in this way? Any stagnant pools, including the city septic tank stream, should be treated early. There is nothing but our own negligence to keep Monett from being the most healthful place in the Ozarks.

SOME MISDEMEANORS

The city ordinances define a number of misdemeanors. If all these provisions were enforced, the city would be an ideal place in which to live. Some of the misdemeanors are as follows:

- Consoling and skating on the sidewalk.
- Loitering around the railroad station.
- Allowing weeds to grow in town.
- Erecting signs over sidewalks.
- Throwing melon rinds or banana peel on sidewalk.
- Failing to remove material from the street within three days after building or repairing a building.
- Allowing rubbish to accumulate in streets, gutters, etc.
- Throwing ashes, straw, paper, sweepings bottles, glassware, etc., in streets and alleys.
- Stealing rides on cars.
- Gambling or betting on games.
- Riding a bicycle in town faster than six miles an hour.
- Riding bicycle on sidewalks.
- Driving over sidewalks without protecting same.
- Throwing paper in the streets.
- Spitting on the sidewalk.
- Using nigger flippers or toy pistols in town.
- Having cattle, hog or sheep pens inside city limits in such condition that offensive odor or smell arise therefrom.
- Selling liquor to minors or on Sunday.
- Minors loitering on the streets after 8 or 9 o'clock.
- These are a good ordinances. Have you noticed that any of them have been disregarded?

MEDICINE VS. FOOD

Do not buy something which you already have. You have food which you feed your horses, cattle and sheep but when you want medicine, buy only medicine. That is what you get in B. A. Thomas' Stock Remedy. We sell it and guarantee it to be medicine. We tell you that it will tone up the entire system of your stock and aid digestion, thereby causing them to get all the food value out of the grain that you feed them.
